

## REGULATIONS

### Registration / Commitment / Payment

The prices of the courses are fixed. Registration becomes valid after the registration form has been filled in, duly signed, and returned to us, thus entailing the obligation to pay the full fee for the duration of the commitment.

If payment is made in instalments, the first instalment is to be paid before the beginning of the course, and the following instalments as stated on the bill. Course materials are to be paid with the first instalment.

In case of interruption of studies, we regret that claims for refund and/or exemption from payment cannot be entertained. If a participant is prevented from completing a course by circumstances of an extremely serious nature, he may request a voucher for the remaining amount (less CHF 100.– administrative costs), which he may use towards the cost of a course at a later date.
